Exceeding the Standards

Planning for continuous quality improvement
Susie Rosback & Bernadette Waters

This book points out the difference between achieving 'meeting' versus achieving 'exceeding' the requirements of the NQS, and provides a multitude of helpful documents to use as a starting point to determine what you are already doing well ... and what you need to do to get your service to an exceeding level.

You're Telling the Story

How to develop useful assessments for learning in early childhood

Janet Moles

This is an accessible guide to creating authentic and robust documentation in early childhood contexts. It suggests practical, user-friendly strategies for making documentation work for you, enabling you to work smarter, not harder, while improving teaching practice and outcomes for children.

Theories into Practice

Understanding and rethinking our work with young children and the EYLF

Andrea Nolan & Bridie Raban

This book provides a clear, concise exploration of each of the five major groups of theories described in the EYLF. It clearly makes the links for early childhood educators between the theorists, the theories and perspective on their own practice.

Leadership and Management

in the Early Years

Jane Cook & Liz Rouse

This is a book for all leaders in early years settings. It takes a common sense approach to leadership that you can apply to your everyday practice, and brings together current research and effective practice to provide educators with the knowledge, skills and understanding they need to motivate and get the best from their team.

Outside the Square

55 practical ideas for early years educators

Sarah Wilson

This book offers practical, tried and true ideas with links to both the EYLF and NQS. It includes ideas for how to plan and establish routines; suggestions for group times; ways to extend indoor and outdoor programs and build stronger relationships with children and families.

Learning English as an Additional Language

Hundreds of ideas for supporting children with English as an additional language

Anita Soni & Liz Rouse

This reassuring guide offers practical suggestions on how best to support young children learning English as an additional language. The key messages are simplified in a way that is accessible and relevant to current early years practice, helping educators to manage some of the main difficulties they face.

\$44.95

Engaging Children in Play

Practical ways to create stimulating play spaces

Nicola Scade & Nicole Halton

This book aims to support early childhood professionals to easily replicate outstanding and creative provision and teaching ideas. The book is highly practical. It shows how to create outstanding provision rather than telling you how to do it. It includes a list of resources needed plus a challenge section with ideas on how to extend the activity and links to the EYLF and NQS.

Sustainability in Action

In early childhood settings

Sally Sneddon & Anne Pettit

This book explores ten interconnected aspects of sustainability, enabling readers to grow their own knowledge as a basis for their actions. Many appealing, practical suggestions are included for making sustainability part of young children's everyday education and care. Ideal for those taking their first steps towards sustainability, as well as those wanting to extend current practice. It's also relevant to playgroups, out of hours care and to lecturers and students in training institutions.

Exploring Natural Connections

with Light, Reflection and Shadow

Nicole Halton & Natashja Treveton

This inspiring and enlightening book aims to inspire early childhood educators to work with concepts of light, reflection and shadow with children aged from birth to 6 years. It includes real examples and case studies from early childhood setting, high quality images, elements of nature connection, and links to the EYLF, NQS and early childhood theories.
