MEET THE DEAN FAMILY BEHIND BELLBIRD Trent & Angela with their 3 children Allanah, Emily & Jack.

John \$ Kaye (Enjoying Retirement)

Trent has worked in the business since 2003 originally with his parents John & Kaye Dean. When they retired in 2009 Trent & Angela bought Bellbird to carry on the family business into another generation with the ambition of leaving a legacy for their children and to continue to provide a solid workplace for their staff and their families.

Trent the youngest of 3 grew up with Bellbird when his parents bought the business when he was 9 nearly 30 years ago.....so where did the story of Bellbird originally begin?

There once was a man in a van named Mr Bell and his "bird" Robin which together started Bellbird. They travelled the town with a van filled with Art & craft, selling their wares to local kindergartens...

Year **1987**

Trent has fond memories of the "Bellbird" shed on the family property in Langwarrin Victoria, where together with his brother and sister they earnt their pocket money by helping Mum and Dad out by dyeing popsticks, bagging up straws and decanting glue....and Whoops as kids do, got distracted leading Kaye to then find a river of glue running down the driveway!

John would set out daily in the Bellbird van and continue to service the kindergartens on the Mornington Peninsula in Victoria with their art & craft needs. John was the epitomy of good old fashioned customer service whereby nothing was ever too much trouble, truly polite, unobtrusive service with a smile. This core value still holds strong today and is at the forefront of everything Bellbird. Kaye would work equally as hard answering the phone, picking orders, balancing the books, all whilst juggling the family.

Even Grandpa Jack would have a crack and put together the Bellbird drying rack!

After several years Bellbird had outgrown its shed and was on the move to a warehouse in Dandenong South with staff.

One man in a van had become several vans expanding their reach to all of Victoria.

Year **2000**

In the year of 2000 Bellbird the Art & Craft Van amalgamated with a Toy Bus to further expand the range and we became Bellbird Kid-Z Educational Resources.

The next logical step it seemed was to try our hand in the "Back to School" stationery business to expand our current market and this is when things became rocky and Bellbird started to loose it's footing! This was a competitive price driven, labour intensive market and overruled by the majors.....it looked like "The Big Cats" were going to swallow Bellbird whole with their big corporate presence....BUT just like Tweety bird Bellbird fought back against the Cat and went back to what it does best... focused on our loyal customers in Early Education, the big and the small who remember fondly the Man in the Van!

This experience took its toll on the family, particularly John & Kaye who did their best to stay strong.....but in order for survival Bellbird needed a revival.

It was around this time 2003 that Trent left a successful career in Computer programming and joined his parents in the business. With a passion for systems and data analysis and the energy to strive towards goals Trent went about bringing IT to Bellbird. With an expanding product range in 2006 we became Early Education's ONE STOP SHOP. Bellbird put out it's first catalogue, our logo had a revamp and our Sales team evolved from reps in a van to consultant's in a station wagon.

Year **2009**

In 2009 John & Kaye retired after a successful career in many family operated businesses from milk bars to chicken farms to Bellbird to enjoy Australia's great outdoors, play golf, volunteer at a local hospital and spend time with their 5 grandchildren. John will still lend a helping hand at times particularly on some of our larger start-up jobs.

Trent and Angela then took the leap and bought Bellbird. Trent with his inherited hard work ethos and a strong desire to continue to bring quality and customer service to the Early Education market not just in Victoria but Australia wide expanded Bellbird into a National company with an on-road team in South Australia and NSW. Trent hand selects all the products in the Bellbird range, with an emphasis on quality to stand the test of a roomful of enthusiastic youngsters... It helps that Trent is a big kid at heart and loves a toy fair where he will be seen on a supplier's stand jumping on and throwing a product around to put it through its paces, while watching the cringe on the supplier's faces.

Angela a qualified Occupational Therapist of 10 years left her profession and joined Trent on this epic journey in 2010. Our children have grown up with Bellbird always in their life, they feature heavily in the catalogue, test out products at home and even do some of the art & craft projects. A family business is never easy particularly when raising young children at the same time. As parents you face the fear & doubt that you are not doing enough, that there is more work than play but you stick at it because you want to do the best for your children but also for the staff we employ and their families. We often go to bed feeling the burden of it all but we make every effort to get beyond that and continue to move forward with new exciting products into the market and new technology whilst being true to the core values of hard work, honesty and good old fashioned customer service. We love what we do and hope that you will love Bellbird too

Markers

Crayola Markers lead the way in strength of colour and versatility. The colour laydown is smooth. They are highly durable with strong felt nibs that will take the most robust of treatment. If the nib dries out then it can be revitalised by dipping it in warm water for a few moments. The barrels are larger allowing them to hold more ink, so they will last longer. The washable brand is truly washable which is important when young children are using them. The ventilated caps are designed to prevent asphyxiation.

Bright Colours

Play Dough

Ingredients:

2 cups of Flour
4 tbsp Cream of Tartar
1 cup Salt
2 tbsp of Vegetable Oil
Fun Dye
2 cups of Water

Method:

- 1. Mix all the ingredients together in a large saucepan.
- 2. Stir over a medium heat for 3-5 minutes, until the mixture congeals.
- 3. You can split the play dough up into smaller quantities once cooked.
- 4. Use Liquid Food Dye to colour each quantity to your desired colour.

Ingredients:

Fun Dye 1/2 cup of Salt

Method:

- 1. Add 5-6 drops fun dye to 1/2 cup household salt.
- 2. Stir well.
- 3. Cook in microwave for 1-2 minutes or spread on waxed paper and let air dry.
- 4. Store in an airtight container. Use as you would glitter.

Ingredients:

- **Dry Rice**
- Liquid Paint
- A bowl or bag

Tray

Method:

- 1. Divide the rice into a bowl, use one colour paint per bowl.
- 2. Squeeze a large dollop of paint and simply squish the rice around until evenly combined.
- 3. Spread onto tray. Leave to dry. Enjoy the sensory experience.
- Note: to make the rice smell wonderful add a few drops of essential oil.

Ingredients:

- 2 cups of Corn Flour
- 1 cup of water

Fun Dye

A large bowl or container

Method:

- 1. Place the corn flour into a large container and place a few drops of fun dye into the centre.
- 2. Mix water into the corn flour and fun dye.
- 3. It will take some time for gloop to mix together but encourage your child to play with the gloop before its mixed.

Ingredients:

- 1 cup of Lux Flakes
- 3 cups of warm water

Fun Dye

- A large bowl or container
- Electric Beater

Method:

- 1. As you beat the water, fun dye and soap flakes the mixture multiplies.
- 2. Be sure to place in large bowl to catch over flow.
- Note: use scoops and funnels to play with the soapy slime as well as hands.

Ingredients:

- 1 cup Lux flakes
- 2 tbsp water
- 1 tbsp Vegetable Oil
- Fun Dye (strong colours)

Method:

- 1. Mix all ingredients together until it's a thick paste with no lumps.
- 2. If the colour isn't vibrant and strong add more food colouring.
- 3. Roll into thick crayon like sticks.
- 4. Allow to dry for a few days.

Kinetic Sand is a fascinating medium and playing with it is a magical and mesmerising experience! It appears like it's alive and moves by itself in a way that will make you want to keep touching it! Build it, form it, smooth it, slice it, mould it, break it and recreate it! The special properties make it soft and stretchy and it won't make a mess (sticks to itself but not to you). It never dries out, is non-toxic and anti-microbial. Kinetic SaND

Tikk Tokk Aspen Ergonomic Cot

The Aspen is a strong and sturdy wooden cot, simple to erect and simple to use. The ergonomic design makes access quick and requires limited or no bending of the carer's back due to the increased height of the mattress. This is the biggest OH&S risk in childcare due to continuous lifting of babies from low heights. The industry standard space-saver "One60" cot mattress size allows the cot to pass through doors and the cot is manufactured with rounded edges and corners leaving no sharp areas. With castors, floor to top of mattress height is 79cm, and the lowered dropside height is 99cm. Mattress is water proof mattress with a removable cover. Cot Size: 110 x 70 x 138cmH. The Cot & Mattress are tested and compliant to the required safety standards. Cot: ANS/NZ 2172:2013; Mattress: AS/NZS8811.1:2013 (SIDS).

- 137090 Caxixi Small \$17.95 Size: 7.5 x 13cmH
- 137091 Caxixi Rattle Pair \$17.95 A caxixi is a percussion instrument consisting of a woven closed basket with a flat-bottom filled with small particles (seeds or rocks). The round bottom is traditionally cut from a dried gourd or coconut. The caxixi creates sounds from vibrations, like the maraca, it is sounded by shaking. Variations in sound are produced by varying the angle at which the caxixi is shaken, determining whether the contents strike the reed basket (softer sound) or the hard bottom (louder, sharper sound). Size: 7.5 x 4.5cmH

Melody Drum

137096

The ends of a slit drum are closed so that the shell becomes the resonating chamber for the sound vibrations created when the tongues are struck, with the included two mallets. The resonating chamber increases the volume of the sound produced by the tongue and presents the sound through an open port. Drum comes in a heavy duty carry case with a shoulder strap. Size: 26 x 14cmH

Wooden Tongue Drum

137095 31.5cm \$49.95 A tongue or slit drum is a hollow percussion instrument. In spite of the name, it is not a true drum but an idiophone, usually carved or constructed from bamboo or wood into a box with one or more slits in the top. Most slit drums have one slit, though two and three slits (cut into the shape of an "H") occur. If the resultant tongues are different width or thicknesses, the drum will produce two different pitches. It is used throughout Africa, Asia and Oceania. In Africa such drums, strategically situated for optimal acoustic transmission (e.g., along a river or valley), have been used for long-distance communication

Since 1998, Trommus has contributed to the setting of new standards for Since 1998, Trommus has contributed to the setting of new standards for drums used in the teaching of rhythmics. The drums have been developed by a teacher of rhythmics, focussing on sound, quality, and functionality. Based upon his own experience he set out to develop a drum that would meet the needs of the users, students as well as teachers. The result was a very sturdy drum that is easy to use by big and small, in a design that is easily recognized. The drums are inspiring and easy to work with, and are designed for storage within each other. They are handmade in Denmark using natural skin, and contain no harmful substances.

Aboriginal Designed Recycled Mats

(MADE FROM RECYCLED SHOPPING BAGS)

These mats are designed using Indigenous symbols, the symbols are used as a form of communication, a way to tell a story, instruction or direction. The versatility, light weight durability of the recycled polypropylene play mats are only enhanced by how easy they are to keep clean. Simply vacuum up the spills, give the mat a quick wash with soapy water, then toss over the line to dry. Great for use outdoors, however do not leave in direct sunlight or rain full time due to UV exposure. Store clean and dry.

The National Quality Standard (NQS) makes it essential for Early Childhood Education and Care (ECEC) services and educators to understand and help children learn about, the history, culture and contemporary lives of Aboriginal and Torres Strait Islander people. Australian Aboriginals have eaten native animal and plant foods for an estimated 60,000 years. These Australian made products celebrate this cultural knowledge and traditions by allowing Educators to quickly incorporate traditional bush foods into their curriculum.

Aboriginal people have developed, through their hunter/gatherer lifestyle, exceptional tracking skills to hunt animals, identify and locate edible plants, as well as finding sources of water. Children are taught as soon as they can walk to track their motion and siblings footprints. Elders teach children how to recognise the patterns and shapes that represent the tracks of animals by drawing into the sand. Hand carved by artisans from a single piece of wood these tracking stamps can be used in a variety of ways to celebrate and teach the rich history of tracking in Australia. Each tracking plate is 13 x 1 cm.

Did you know that an Echidna is a monotreme?, meaning although It is a mammal, it also lays eggs. Only two species in the world are monotremes and both live in Australia; the Echidna and Platypus. To celebrate our unique wildlife, this is a lifecycle set using 100% organic cotton of the life stages of an Echidna. A factsheet with educational notes is included. The Echidna is approx. 16cm.

137076 Kakadu Frog Lifecycle \$64.95 Taking inspiration from Kakadu, this set has been created using 100% organic cotton and represents the lifecycle of a Frog including its preferred breeding habitat of a lily pad. A factsheet with educational notes is included. Lily pad is 22cm.

Natural Lichee Playscenes

Natural Lichee wooden tree houses, structures, blocks and accessories are handmade from recycled products. The wood comes from the unusable tree tops & surplus timber from paper production & branches from fruit tree pruning's. All products use only non-toxic & child safe finishes. The ethical commitment to the environment & to the community where production is housed has been central to the manufacturers philosophy since its inception in 2004. Designed with Steiner principles in mind, many parts are moveable providing open ended play. Children engage in play because it is fun and therefore Lichee Treehouses provide a unique experience inspiring creativity and imagination where children will develop their own story scenarios.

EVO 3D Visual Reality Books

These stories only begin when you open the book. These are a future-oriented smart book combined with 3D augmented reality. You can move and feed the animals however the reader likes. The reader can have fun and learn while watching, reading and experiencing the creatures inside the books. The set of seven contains these titles Dino, Ocean, Bird, Bug, Farm Animals, Wild Animals and Herptiles with a range of animals in each title. Simply download the free app to your device, point it at a book and watch the animal leap out of the book into 3D. Supports most Phones and Tablets. Children and adults alike will be captivated by the experiences and engagement possible as you move the animals, feed them, complete puzzles and learn where in the world they inhabit with a real moving globe.

Portable Play Jars Portable Play Jars

Portable Play Jars is a concept influenced by a culmination of learning theories. Simply explained, they provide an aesthetically organised and contained learning experience where children are able to decide how and what they want to play with whilst learning the respect and responsibility of returning the resource in the jar complete as they found it for others to use. The sturdy jars are easily transported to their chosen place of play and contain only one type of resource. Portable Play Jars are ideal when stored aesthetically on display and accessible to children at all times.

Portable Play Jar

137108T Set of 9

\$369.95 This is a set of nine portable play jars that adds a wonderful resource to any early learning centre. A vast array of benefits are available from open ended loose parts play, fine and gross motor skill development, building and construction to sorting and maths investigations

Wooden Small Zen Stacking Blocks

137080 In Portable Play Jar 11pcs Wooden Zen blocks are incredibly tactile and open-ended. Zen blocks appeal to all ages as the unusual shapes are perfectly sized for little hands to explore and younger kids can enjoy simply stacking and rolling them where older children will enjoy the challenge of building with their odd shapes. Each block is approx. 3cm.

Wooden Balancing Curves

137103 In Portable Play Jar 12pcs

..... \$34.95 Fabulous multipurpose wooden block curves can be used in many ways - add to your loose parts area as an open ended resource limited only by imagination: balance high towers, create characters, construct fences or integrate and build with other blocks to name a few. Also ideal to replicate and teach indigenous symbols assisted by the included fact sheet.

Wooden Cylinder Frobel Puzzle

137104 In Portable Play Jar 12pcs \$34.95 Inspired by Frobel's Gifts, the divided cylinder appears deceptively simple but represents a complex approach to learning. In Frobel's philosophy the presentation of the gift is as a whole, thus when play is complete it must be returned to its whole form.

Woodland Set

The sun is setting and all the woodland animals are coming out to gather in the forest! The Ostheimer Woodland Sets contain wooden figures painted by hand using translucent natural stains that allow the beauty of the wood to show through. Add individual animals (sold separately), or purchase one of the other sets available like the Farm Life, Arctic Sea Life or Zoo & Wildlife sets to complete the Ostheimer experience. All Ostheimer wooden figures are made from European alder and maple hardwoods and meet or exceed strict EU safety testing standards.

Trommus Drums

Trommus Drums

Since 1998, Trommus has contributed to the setting of new standards for drums used in the teaching of rhythmics. The drums have been developed by a teacher of rhythmics, focussing on sound, quality, and functionality. Based upon his own experience he set out to develop a drum that would meet the needs of the users, students as well as teachers. The result was a very sturdy drum that is easy to use by big and small, in a design that is easily recognized. The drums are inspiring and easy to work with, and are designed for storage within each other. They are handmade in Denmark using natural skin, and contain no harmful substances.

Wooden Tongue Drum

137095 31.5cm \$49.95 A tongue or slit drum is a hollow percussion instrument. In spite of the name, it is not a true drum but an idiophone, usually carved or constructed from bamboo or wood into a box with one or more slits in the top. Most slit drums have one slit, though two and three slits (cut into the shape of an "H") occur. If the resultant tongues are different width or thicknesses, the drum will produce two different pitches. It is used throughout Africa, Asia and Oceania. In Africa such drums, strategically situated for optimal acoustic transmission (e.g., along a river or valley), have been used for long-distance communication.

Mesmerise children and set the world in motion with the incredible Magic Motion Globe. Spinning seems like magic with the seamless rotations and simple design that simulates the Earth's perpetual motion. The globe rotates 360 degrees every 18 seconds with no apparent means! Display this mystifying model on virtually any flat surface to create a captivating show piece. The two plastic halves of the globe separate to reveal an internal drive system in the lower half of the globe that is powered by one AA battery (sold separately, code: 124826). The globe will continue to rotate for the life of the battery, with very little maintenance required. To reverse the direction of rotation, simply press gently on the top of the sphere and watch in awe as the globe glides effortlessly in the opposite direction.

Globe represented in an Antique map style. Comes with copper metal arm and base. The embossed surface of the globe presents a unique exploration experience however is not an accurate replica of the actual world's surface.

Introducing a brand new range of Big Books featuring classic fairy takes with a twist! These beautifully illustrated books have been carefully created to provide fun, engaging stories for children, while teaching them important morals in alignment with the Early Years Learning Framework. Children will learn about stranger-danger, greed, hard work, bullying, belonging being becoming, trust and more. Re-imagined so that there are no gruesome endings like in most traditional tales, but instead teach more appropriate lessons as relevant to today's modern society – you'll love what happens to the wolf in Little Red Riding Hood, while the ending in The Gingerbread Man is open for interpretation, allowing for involved class discussions. Written, illustrated and printed in Australia. All books are 42 x 31cm.

Early Learners Books

This award winning range of books has been specifically designed for babies. A great introduction to books through well-known nursery rhymes and interactive text. Singing songs and rhymes aids language development by introducing them to the natural sounds and patterns of speech. Combining these with actions also stimulates the brain and helps muscle development.

This award winning set of 8 books has been specifically designed for babies. A great introduction to books through well-known nursery rhymes and interactive text. Each book has 10 pages. Size: 21 x 21cm Age: 0+ mths

Children are able to communicate by signing before they develop the skills necessary for speech. By teaching simple sign language to children from as young as eight months, we can help them to convey their emotions and their needs. Developed with the support of Lancashire C.C. Early Years and Childcare Service, and SureStart Resources Ltd. as part of their 'Sing, Sign & Rhyme' series, these books encourage actions through mime and BSL signs. While this book range has been produced using British Sign Language ALL signs used are correct in Australian Sign Language (Auslan).

Tuzzies Puzzies

All Tuzzles Puzzles are safety tested by an authorised international testing facility. Large Easy Grip & Knob/Peg puzzles are tested for 18 months +. All other puzzles are tested for 3 years plus to international safety standards. However, content, piece counts and a child's development may determine targeted age usage. This should be at the discretion of the educator.

Puzzles help children develop a range of skills including visual motor skills, proprioception, vestibular, tactile and fine & gross motor. These are all pre-reading essentials and are extremely important in early childhood development.

Tuzzles puzzles are designed and created to provide you with many years of educational and enjoyable use. It is important that the puzzles are turned and tipped over, rather than pieces being picked out by hand. This will ensure the longevity of the product.

Consider a successful outcome of achievement as the most important factor when choosing puzzles as children will stay focused and engaged to then attempt more complex puzzles.

Puzzle Complexity Guide:

1 Giant Easy Grip Puzzles: These are the first introduction to puzzles provide easy piece manipulation for younger children, or children needing assistance with coordination and fine-motor control.

Peg Puzzles: Play a vital role in the development of logical thought, gross and fine motor skills, the understanding of shape and positive and negative space. Starting with one piece peg puzzles and working through to whole picture pegs.

3 Starter Puzzles: Next step after single piece Pegs and are the beginning of a child's ability to "see" positive and negative shapes in a more complex form.

A Raised Puzzles: Raised Puzzles sit-up in the tray above the background. This allows small fingers to easily manipulate the pieces – extending fine motor development.

5 Tray Puzzles: These puzzles are available in many sizes and piece counts. The tray helps to contain the pieces and gives the child a border within to work. There are many degrees of difficulty within the ranges of puzzles. Subject matter and the child's developing abilities determine the puzzles selected, however, a successful outcome of achievement should be considered most important when choosing the piece count.

Table Puzzles: Feature pieces which are chunky and easy to manipulate. The puzzles easily fit onto a table top and make great group activities. No borders and freeform shapes give the child different learning experiences. Table Puzzles help develop verbal communication and interaction with other children.

2 Layered Puzzles: Puzzles with more than one layer have more than one objective. The multiple layers will increase the difficulty of the task and allow children to understand more than one angle of the concept being taught.

Floor Puzzles: When piecing together a Floor Puzzle children need to maintain balance, stretch and move to complete the picture. The large chunky pieces make it easier for children to assemble the large puzzles on the floor. Floor Puzzles are fantastic group activities. Children interact as they search for the right pieces. Floor Puzzles help with fine and gross motor development, balance, proprioception, communication and help with many important developmental skills.

Hardwood Timber Trestles & Additions

Ladders, Planks and Boards in the Hardwood Timber Range will only fit these Trestles. Metal attachments will not fit the thicker timber rungs. Selected quality hardwood timber is used to manufacture this range. Products are sanded to a smooth finish and finished off with Raw Linseed Oil which brings out the beautiful natural colours of the timber and help to provide protection from weather. It is recommended that your planks are re-oiled using Linseed Oil yearly to keep your planks in good condition and looking fresh. Suitable ONLY with the Hardwood Timber Trestle Range.

Aboriginal Designed Recycled Mats

(made from recycled shopping bags)

These mats are designed using Indigenous symbols, the symbols are used as a form of communication, a way to tell a story, instruction or direction. The versatility, light weight durability of the recycled polypropylene play mats are only enhanced by how easy they are to keep clean. Simply vacuum up the spills, give the mat a quick wash with soapy water, then toss over the line to dry. Great for use outdoors, however do not leave in direct sunlight or rain full time due to UV exposure. Store clean and dry.

Aussie Play Water Play Board 🕤 146281

To nurture a child's love for water we believe it is important for them to play with it and learn about it. What better way to play than to have a great time pumping water using the included water pump and watching the water flow down the channels that the child has placed themselves. Using special hooks that lock into the wall the kids can then place the water channels strategically in the hooks to try and get the water back into the bucket without wasting any water. With the included pump the kids can learn how to minimize water wastage. The board and hooks are made from HDPE and the stand from aluminium creating a 100% waterproof rust proof product that will last years of play. Bucket not included product that will last years of play. Bucket not included.

NEW NATIONAL GHS CLEANING CHEMICALS LEGISLATION

WHAT IS "GHS"?

The Global Harmonised System (GHS) is internationally used to standardise and harmonise the classification and labelling of chemicals - including cleaning chemicals.

WHEN DOES THE "GHS" LEGISLATION TAKE EFFECT?

After 5 years of preparation, the new laws came into force in most states of Australia on 1st of January 2017, with Victoria to commence on 1st of January 2018. This matter is covered under the Work Health & Safety regulations in all States. Breaches will be handled in the same manner as for other Work Health & Safety matters.

WHAT DOES "GHS" MEAN FOR YOU?

From 1st of January 2018, all labels on all cleaning chemicals that are sold into childcare centres must have appropriate "GHS" pictograms present on the label. All wording on labels must also be compliant with standard GHS hazard and warning statements. This is a regulatory workplace health and safety requirement.

DO SOLO PAK PRODUCTS MEET THE "GHS" FOR THE CLASSIFICATION AND LABELLING OF CHEMICALS?

Yes. Solo Pak are an Australian owned company, who have been manufacturing cleaning chemicals for over twenty years. They specialise in products suited to the childcare industry and have been at the forefront of ensuring their product labelling meets the stringent "GHS" guidelines.

Solo Pak Cleaning System

153760 Essentials Kit

..... \$119.95

Solo Pak manufacture a range of super concentrated cleaning products that are easy-to-use, cost-effective, non-hazardous, environmentally friendly and suitable to use around children. Fully labelled containers provided to comply with Human Services Regulations. Each Concentrate Bottle dispenses up to 186 pumps of concentrate. 2 pumps are required per spray bottle or bucket of ready to use product. Therefore each concentrate bottle is equivalent to 93 spray bottles or buckets. Each Start up kit includes the following: Four single chemical refills, required equipment (spray bottles and pumps), full instruction manual, MSDS's covering all Solo Pak chemicals and a colour laminated wall chart simplifying instructions for each product in the kit. Essentials Kit contains Germex, Mops, Glass Cleaner and Pot Wash.
