PHOENIX KINDERGARTEN

Profile: 2 Room 66 Place Kindergarten
Date: Jan 2017

We chose Bellbird to fit our new kindergarten because they are just so fantastic to work with. Actually, we've been using Bellbird for years because they have a great range of quality products that last, and their service really is exceptional, before, during and after.

Our Account Manager spent hours assisting us with our product selection by providing us with photos of other centres and samples of furniture to look at. We were thrilled with the combination of furniture products available through Bellbird and are happy with how the mix of hardwood, pine, birch ply and high pressure laminate products go together to create the natural look we were aiming for.

On the day of delivery they not only unpacked and assembled everything, they checked off invoices, assisted us with the setting up of the room and removed all of the rubbish. Thank you Bellbird for the great support at such a busy time

WODONGA WEST CHILDREN'S CENTRE

Profile: New Kindergarten Room 33 Places.

Date: Jan 2017

It has been an absolute pleasure working with Bellbird Kidz to plan and fit out our beautiful new kindergarten with the most amazing furniture, equipment and resources that the children and parents adore. From the time I first made contact, Bellbird have been so willing to really understand our philosophy, and have been very helpful in working with us to achieve the innovative learning space that ticks all the boxes for our community. This included visiting our site numerous times, assistance with budgeting and choosing essential and nonessential items, then sending an experienced team of people for two days to assemble and set up our space, even removing all the packaging!

A highlight of this was the way in which Tracey, the Manager, liaised with the Kindergarten teacher and shared her extensive knowledge of the products. She was a wealth of knowledge.

Their continuous support and follow up has been second to none. It is very obvious to us all that Bellbird is a meticulous company that is enormously proud of their extensive product range, relationship building and customer service. I thoroughly recommend Bellbird Kidz to anyone contemplating purchasing Kindergarten items or setting up an entire room as with their assistance it was like having them working with me on my staff.

CRAIG FAMILY CENTRE

Profile: Brand New Purpose Built 74 Place Childcare Centre, 3 Rooms

We prefer to work with a family run business, so we have been dealing with Bellbird for many years. We like the personal and extra services they offer. From Bellbird we receive fantastic service that is always efficient, helpful, warm and friendly.

The account manager provided expert advice and support with product selection for our fit out. As well she also offered advice on how to get the most out of their products and assisted with assembly and set up of the rooms on the day of delivery. We love Bellbird's products because they are great quality; we get longer use out of them and they just do not break!

CHERISH EARLY LEARNING CENTRE

I chose to work with Bellbird for my new centre set-up because I have had a really good history with Bellbird in comparison with other suppliers and have received a higher level of support from Tracey Christ. I also sought out feedback from other Centre Directors, by visiting other centres Bellbird had set up in Melbourne. This helped me gain further insight into Bellbird and their products before I made my decision.

While working with Bellbird on my new centre, I received a better level of customer service than I have experienced before and very good and honest advice from Tracey Christ which certainly made a difference. Tracey guided us through the entire project from start to finish which eliminated any of our concerns. She provided continual feedback, open communication- by constantly keeping us up-to-date with the project's status and any issues were resolved immediately.

I liked the New Bellbird Catalogue especially the new ranges and natural ranges for my centre. I would highly recommend Bellbird, their products, customer service and support.
