Pre-Cut Mini Mounts &
Frames 40pk
113181 \$15.50
LED Tea Lights 12pk
113028 \$19.95

Steps

1. Scratch different patterns and shapes into the Rainbow Translucent paper. Cut into the size of mini frames making sure each piece is a little larger to allow for taping.
2. Separate mini frames and tape the translucent paper to the inside of the frame. Tape frames together at the edges to create a lantern.

Beautifully created individual lanterns. Add a LED Light inside to create a 'glowing' effect
