VOLCANO EXPERIMENT

What we Used

- Bi-Carb Soda 2kg
119994 \$9.95
- Mermaid Salt 10kg 113500 \$15.95
- White Vinegar 4L
119993 \$9.95
- Earth Choice Dishwashing Liquid 1L
151031A \$4.50
- EC Craft Liquid Fun Dye 500ml
112288 Red \$11.50

Steps

1. In a bottle add 2 tablespoons of bi-carb soda, 1/2 teaspoon salt and a few drops of fun dye. Shake to combine.
2. Add a squirt or two of the dishwashing liquid to the top of the mix.
3. Pour in vinegar to cause a volcanic eruption! Watch as the bubbles and gases erupt through the opening and ooze onto the table... enjoy the messy fun!
